Professional Profile

I am Pablo Vega, a 19 year old student who is enthusiastic to learn about Web Apps Development and passionate about technology. With a solid knowledge in computer maintenance and repair, I am competent in HTML, CSS, JavaScript, Java, and PHP. I am excited to explore new frameworks and tools to improve my abilities. I am also deeply interested in artificial intelligence, finance, and the business world, always eager to learn how technology can create new opportunities in these areas. My goal is to apply my knowledge, abilities, and collaborative mindset to contribute in a dynamic team environment.
